

ETX80

OBSERVER

The ETX80 Observer achromatic refracting telescope is a super compact, ultra portable telescope designed for astronomers on the go. Ideal for both astronomical and terrestrial use, its 80mm multi-coated lens will gather more light than competitively priced 80mm model. With the included AudioStar hand controller, you can GoTo over 30,000 celestial objects at the push of a button.

PRODUCT SPECIFICATIONS:

Product Number	205002
UPC	7 09942 99749 1
Optical Tube Design	Removable (1/4" - 20 thread) 80mm (3.2") Refractor
Focal Length	400mm (f/5)
