

## Wilderness™ 20-60x80 Zoom Spotting Scope

### Product Features

- Meade high-quality, 20-60 power, zoom porro prism binoculars deliver years of use.
- Large 80mm objective gathers plenty of light for bright detailed images.
- All Wilderness spotters feature high index BaK-4 prisms and high-quality, precision ground lenses that are coated with multiple layers of anti-reflection coatings to provide optical performance that is equal to, or better than any spotting scope in its class.
- A rugged rubber armor covering protects your Wilderness spotting scope from abrasions and damage from regular use.
- All Wilderness Series spotting scopes are waterproof, fog-proof, and nitrogen purged to ensure many years of performance regardless of the environment.
- Each Wilderness spotting scope features a sliding sunshade to further reduce glare.
- All Wilderness spotting scopes come standard with the soft case and camera adapter (requires T-Mount, not included).
